Re: Approval of Redistricting

As planned, the Sycamore Community Unit School District Board of Education approved the redistricting plan at their regular meeting on Tuesday, February 10, 2009. This is a culmination of many months of planning as we continue to prepare for the opening of the 2009-2010 school year. For your convenience, please take note of the following important tasks and timelines:

February 2009 – Superintendent's notification to all elementary parents regarding redistricting complete with elementary school assignments.

April 2009 – Welcome letter to all parents from individual building principals throughout the district.

May 2009 – Follow-up letter from building principals inviting families to visit the facilities.

August 2009 – Grand Opening and Community Open House for the new elementary school. (Specific Date to be Determined).

Thank you to the many parents who attended our PTO sessions last fall. We wish all of you continued success, and for those who will be changing schools, we will continue to assist you in the transition to your new surroundings.
