Everyone is welcome to come and learn what our community has to offer this summer

Questions:

Susana DasNeves, Parent University Coordinator

815-751-6583

parentuniversity@niu.edu

Parent University is a community outreach initiative of the regional P-20 Network based in the Center for P-20 Engagement at Northern Illinois University. The program aims to increase Latino parents' personal, professional and leadership development to support and encourage their students' academic success and transition to higher education. We offer workshops to assist parents in their own personal and career development and to strengthen support of their children's academic success and transition to higher education.

U niversidad para **Padres** **Parent**U niversity
