

DANCE-A-STORY

Ages 3-6

Our children's Dance-A-Story program is a fun and educational way to introduce your child to the imaginative world of dance!

Each fun-filled week is built around a different Disney princess who inspires your creative one as they learn basic dance steps and expressions. The day includes princess story time, dress up, craft, snack and of course dancing set to the movie soundtrack. Each Thursday at 12:15 dancers will get to showcase their new moves during a performance for family and friends. Join us as your dancer embarks on a magical journey through song and dance!
